

## About Our Music Programs

Coralwood Adventist Academy shines with musical talent. Choir and Chimes are junior high & senior high options which provide choral, rhythm, and music appreciation. Students are given opportunity to perform at local churches and develop skills to serve others while praising our heavenly Father. Morning worship and weekly chapels are integrated with music. Christmas & Spring concerts are major musical events that showcase our students' talents. We thank God for music.

Music Programs

## Choir

### Grade 4-6

Students in grades 4-6 learn to create, present, appreciate and respond to music. They develop and become aware of the expressive elements of music. They see the beauty of music within historical, cultural and contemporary contexts. As they sing praises they are boosting confidence and improving memory.

### Junior/Senior High Choir

Students who enjoy singing are taught how to harmonize, explore and enjoy various styles of music. Participation in trips and planned performances are encouraged to promote confidence and leadership skills. Due to the amazing talents, the Choir has earned the highest rating at the Kiwanis Music Festival. Students learn to express themselves vocally and build a sense of community.

## Chimes

Chimes is a new music option which has peaked interest in those who love music and harmony. Traveling with the choir to different churches has been their routine. Playing at the Edmonton International Airport was a new experience. The members of the Chimes choir are enjoying playing for others.

## Musical Opportunities

- **Private Piano Lessons**

Students in grades 3 and higher are able to sign up for private piano lessons. These lessons are 30 minutes and are provided during the school day. Students perform a year end recital to showcase what they have learned.

- **Senior High Praise Team**

Our Senior High Praise Team lead our church visits. Leadership skills are developed and our youth have become stronger in their faith because of this club. Traveling to the many churches has brought a sense of unity and has built a stronger bond.
